

## Project Engineers

### Who we are

Austral Construction is an established Engineering Contractor providing services to the Mining and Infrastructure sectors. We have a strong and proud history of delivering diverse projects on time and on budget. We have well-founded relationships with our suppliers and subcontractors, and a proficient group of passionate, experienced, and knowledgeable employees who strive to meet project and business requirements. We embrace and execute our mission statement; 'To deliver safe, sustainable, high-quality projects and services which uphold our core values and the 'Austral Construction' legacy'.

### What we are seeking

Due to current and forecasted project awards we are currently seeking expression of interest from experienced Project Engineers to join our team in Western Australia. You will provide coordination and control of works through activities of technical, engineering, inspection, scheduling, planning, survey, procurement, and quality control.

### Your main duties will include (but not limited to):

- Perform technical, engineering, inspection, scheduling, planning, survey, procurement, and quality control for all activities at site
- Implement the inspection and test requirements of the project
- Ensure subcontractor compliance with set procedures and requirements
- Provide general technical assistance to the project team

### You will have:

- Preferably a minimum of 5 years' experience in a similar role
- Strong HSE focus with a commitment to uphold our mission statement and core values
- Proven Tertiary Qualifications in Civil Engineering
- Strong analytical and problem-solving skills
- Ability to deal with prioritise and adhere to tight deadlines
- Excellent written and verbal communication skills
- Ability to work autonomously as well as part of a team
- Strong interpersonal and relationship building skills
- Competent in the interpretation of planning software, MS Project and P6

### What we are offering:

- Perth based applicants preferred, willing to undertake a FIFO roster arrangement
- Be involved in interesting and complex projects in a small team with opportunities for growth and progression
- Competitive remuneration package

If you are a proactive person with a strong company focus, take pride and ownership in your contribution, have good attention to detail and want to be part of a growing organisation this could be your next role.

To submit your application in strict confidence, email your cover letter and resume to our Human Resource Team at [Austral Construction](#)
